

SYNERGEX APPOINTS NEW DIRECTOR TO BOARD

Mississauga, Ontario (December 5, 2005) – Synergex Corporation (TSXV: SYX) ("Synergex"), a leading provider of technology-based business solutions focused on optimizing customer business processes, today announced the appointment of Dr. Neil E. Fleshner, M.D., FRCSC, MPH, and Associate Professor, University of Toronto, to its Board of Directors, subject to acceptance by the TSX Venture Exchange.

“Dr. Fleshner has a wealth of strengths that he will bring to Synergex as we move forward on our growth strategies and expand on the success of our company. We are delighted that he has accepted our invitation to join the Board,” said David Aiello, President and CEO.

Dr. Fleshner is a well-published scholar, and has significant administrative experience and strong leadership skills. His counsel will serve as an asset to the Company, the Board, and the interests of shareholders. He currently holds a number of appointments including:

- Head, Division of Urology, University Health Network, Toronto
- Research Head, Department of Surgical Oncology, University Health Network, Toronto
- Head, Genitourinary Cancer Site Group, Princess Margaret Hospital, Toronto.

Dr. Fleshner will replace Richard Watson, who has resigned from the Board effective December 1, 2005. Mr. Watson joined the Board in June 2003 under the prior organization Carma Financial Services Corporation. The Board of Directors wishes to thank Richard for his service and dedication to the Company.

About Synergex Corporation

Synergex Corporation is a leading provider of technology-based business solutions focused on optimizing customer business processes. The Corporation is comprised of several integrated workgroups: 1) Synergex Commercial Gateway is the historical core business of the Corporation and delivers a diverse, value-added suite of supply chain management solutions for manufacturers and retailers, primarily in the computer entertainment sector; 2) Synergex Technology designs, implements, and supports customer Information Technology infrastructures, including Radio Frequency Identification ("RFID") technology, provides technical staffing services, and the design and implementation of customized LCD system solutions for customers; and, 3) Synergex Business Information provides commercial credit risk evaluation and reporting, accounts receivable management, background checking, and paralegal services. Synergex serves a broad base of customers that includes a number of multinational enterprises. The Company is headquartered in Mississauga, Ontario, and currently employs approximately 150 people.
