Synergex Corporation Refiles Second Quarter Financial Statements and Management's Discussion and Analysis for the Periods Ended June 30, 2008

Mississauga, Ontario, November 11, 2008 - Synergex Corporation (**TSX: SYX**), a premier provider of international logistics and distribution services, announced today that it has refiled its second quarter financial statements and management's discussion and analysis for the periods ended June 30, 2008 (the "Statements").

The refiling of the Statements corrects an error in the classification of the gain on the disposal of discontinued operations, in accordance with Section 3840 – *Related Party Transactions* of the CICA Handbook. As a result, the Company has amended and restated its consolidated balance sheets, consolidated statements of operations, consolidated statements of retained earnings and consolidated statements of cash flows for the periods ended June 30, 2008.

The impact of the restatement to the June 30, 2008 statements was a decrease to net income of \$3,604,003 and a corresponding increase to contributed surplus.

None of the adjustments affect the Company's working capital or shareholders' equity as at June 30, 2008 and management believes the reclassification of this gain will have no effect on the Company's continuing operations.
