ATCO STRUCTURES & LOGISTICS TO BUILD WORK CAMP ON ALASKA'S NORTH SLOPE Camp will provide housing and services to Eni Petroleum

ANCHORAGE, Alaska – ATCO Structures & Logistics (ASL) today announced it has been awarded a contract to build a 50-person work camp for Eni Petroleum on Alaska's North Slope.

"ATCO Structures & Logistics has been supplying workforce housing and modular buildings to Alaska since the late 1960s," said Harry Wilmot, President & Chief Operating Officer, ASL. "Our experience and expertise ensures Eni will be provided with high-quality workforce housing that is cost-effective."

The design incorporates a two-storey dormitory complex with a second building dedicated to camp services and recreation. Built from newly manufactured modular units, it includes bedrooms, bathrooms, a kitchen, a dining room, an exercise room, lounge and offices.

This is the second camp in Alaska that ASL has been awarded over the past year. In the fall, ASL completed a 78-person camp for the Pogo gold mine, southeast of Fairbanks.

ATCO Structures & Logistics offers complete infrastructure solutions worldwide. With manufacturing facilities in North America, South America, Australia, the Middle East and operations on six continents, the company has the expertise to deliver a rapid, full turnkey solution anywhere it is needed.
