Our team looks forward to working with Auryx’s experienced team to advance their projects in Namibia. We are aware of the strong relationships that Auryx has built with local stakeholders, including the Government of the Republic of Namibia and Auryx local partners, EVI Gold, and we look forward to completing the transaction by the end of 2011 and jointly fast-tracking the development of the Otjikoto gold project. Further it establishes a beach-head for B2Gold to look for other opportunities in Africa.”

Their track record at operations is superb and has demonstrated a strong commitment to working with local stakeholders, which is a value shared by Auryx.
